

FCC Mowing Schedule 2020

Everything that is needed to mow and cleanup is in the outside storage building including the trimmer, zero turn mower, push mower, broom and gas blower.

The mowers are ready to go.

Please use the trimmer when needed and clean the walkways when finished mowing.

If you are not able to mow on your assigned date, please try to trade with someone else.

If there are any problems, contact Al Bietsch at 323-1811 or Pat Cooper at 217-491-3858.

Thank you for helping to keep the church and school grounds looking nice.
